Re № 1-20103 from January 3<sup>rd</sup> 2002

Dear Sergey Pavlovich !

Your appeal to the President of Russian Federation regarding the implementation of the project of YACONTO Integrated Program has been thoroughly considered by the Navy as instructed.

The specified topic has been addressed by the Navy in December 2001 and has been fully supported.

Ministry of Defense of Russian Federation (the Navy) will take part in the consecutive work for the implementation of this project as a co-executor of necessary materials in case if the YACONTO Integrated Program project obtains concurrence from concerned ministries and departments of Russian Federation in the prescribed order.

V. Kuroedov
