Acting Director of SRB of YACONTO LLC S.V. Aksenov

In response to your request (out. № 259-PF from 14.05.2002) we send to you the materials of geological studies of the water area from Tuapse city to Dederkoi settlement.

The factual material at our disposal is sufficient for the development of a Petition (Declaration) of intent.

Additional field and marine works will be required for the preparation of documentation for consecutive stages.

Attachments:

1. Memo on the geological studies of the area including wind and wave conditions data - 7 pages.
2. Topographic map of the area of a 1:5000 scale - 2 pages.

General Director   A.P. Pronkin

Exec. Shilyayev D.V. 94-605
