RE: your № 120227-A01 from 27.02.2012

Regarding the situation with Atom mash OJSC

Dear Mr. Yakunin!

According to the instructions of the Staff of the Russian Government, State Corporation «Rosatom» has reviewed your appeal from 27.02.2012 № 120227-A01 to the President of Russian Federation Dmitry Medvedev. I hereby inform you about the results of that review.

State Corporation «Rosatom» shares your concern about the current state of the Atom mash industrial complex (Volgodonsk city), one of the biggest enterprises of power engineering, the capacities of which are engaged with contracts for manufacturing of equipment for the needs of nuclear industry.

This is to let you know that the matter of feasibility and order of the implementation of the Project-A proposed by you is within the competency of the Federal Agency for State Property Management, which, according to the Decree of the Russian Government of 06.06.2008 № 432, is responsible for the protection of property rights and other legal interests of Russian Federation in the field of state property management.

Other facts specified in your appeal are subject to inspection by the law enforcement authorities.
