About an independent investigation of the bankruptcy of Atom mash OJSC, a large-scale crime in Russia

In addition to a Letter by YACONTO LLC out. № 110420-A01 from 20.04.2011 based on a Presidential Decree № 352 from 28.03.2011

**To the President
of Russian Federation**

D.A. MEDVEDEV

personally

Dear Dmitry Anatolyevich !

Following your Orders: from 29.06.2010 № Pr-1883, from 21.08.2010 № Pr-2448, from 19.05.2011 № Pr-1413 and from 08.07.2011 № Pr-1948 an investigation of bankruptcy and liquidation of Atom mash OJSC (Volgodonsk, Rostov region), where the State controlled 30% of the shares, is being conducted.

In the responses from the Presidential Control Directorate to YACONTO LLC from 08.02.2011 № A8-771-5 and from 19.04.2011 № A8-2669-5 it is reported that the investigation is being led by the General Prosecutor's Office of Russia. In the responses from the Presidential Control Directorate to YACONTO LLC from 12.07.2011 № A8-5038-5 it is reported that in accordance with the Order of the President of Russian Federation from 08.07.2011 № Pr-1948 it is "prescribed" to the Russian Ministry of Internal Affairs to conduct an additional inquiry of the Atom mash OJSC's bankruptcy materials, presented by the General Prosecutor's Office of Russia.

"Concern YACONTO" CJSC (Moscow, Russia) owned 28.5% shares of Atom mash OJSC, so the deliberate bankruptcy of the flagship company of Russia's nuclear machinery resulted in an illegal property loss for both the State and for "Concern YACONTO" CJSC.

Being the founder and the owner of YACONTO LLC (Russia, Moscow), which is the full and sole successor of Firm YACONTO LLP, Trade House YACONTO SE and "Concern YACONTO" CJSC, I am fully aware of what was really happening in Atom mash OJSC.

YACONTO LLC has submitted to the Prosecutor General of Russia Y.Y. Chaika a Complaint (out. № 110201-A01 from 01.02.2011), Addendum № 1 (out. № 110303-A01 from 03.03.2011) and Addendum № 2 (out. № 110321-A01 from 21.03.2011) to the said Complaint; and a Statement (out. № 110418-A01 from 18.04.2011), Addendum № 1 (out. № 110607-A01 from 07.06.2011) and Addendum № 2 (out. № 110808-A01 from 08.08.2011) to the said Statement. In these appeals and the documents attached thereto, irrefutable facts and evidence of anti-state activities of bankrupting and bringing apart the Russian nuclear industry giant Atom mash OJSC, performed by specific officials at regional and federal levels, are presented.

On the Instruction from the Prime Minister of Russia V.V. Putin from 13.07.2011 № VP-P7-4798 the leaders of the State Corporation "Rosatom", Russian Ministry of Economic Development and the Russian Ministry of Finance are instructed to comply with the Presidential Order from 08.07.2011 № Pr-1948 and to submit aligned proposals in the context of the Report Project to the President of Russia by 22.08.2011.

Knowing who and how prepared the Report by V.V. Putin to you, I consider it a pure profanation. More information about the "preparation of the Report Project" can be found in the Addendum № 3 (out. № 110915-A01 from 15.09.2011) to the Statement of YACONTO LLC to the General Prosecutor's Office of Russia (out. № 110418-A01 from 18.04.2011).

Everything related to the investigation of bankruptcy of Atom mash OJSC is clearly opposed by those who participated in this anti-state crime. A number of them even today continue occupying high positions in the government or have moved to top management positions in high-yield businesses. Therefore there is a reasonable doubt in the capabilities of the state leadership to oppose the illegal actions of officials from law enforcement and other structures, who are obstructing the investigation of the bankruptcy of Atom mash OJSC

In connection with the above, YACONTO LLC has prepared the hereto attached Addendum № 3 (out. № 110915-A01 from 15.09.2011) to its Statement to the General Prosecutor's Office of Russia (out. № 110418-A01 from 18.04.2011), hoping that this appeal shall take effect with your personal involvement, based on a Presidential Decree № 352 from 28.03.2011. Additionally, the documents attached to those previously submitted to the General Prosecutor's Office of Russia, describe the scheme of restoring the status-quo of Atom mash OJSC through an implementation of Project-A, developed by YACONTO LLC, that will attract hundreds of billions of U.S. dollars in investments in Russian economy.

I hereby ask you to take the investigation of the bankruptcy of Atom mash OJSC **under your personal control** according to the facts stated in the documents submitted by YACONTO LLC to the General Prosecutor's Office of Russia, and take a principal political decision for restoring the status-quo of Atom mash OJSC through the implementation of Project-A in the interests of its shareholders, of which the State itself was the core one. **I also kindly ask you to** bring up and review the topic of the prospects of nuclear power engineering development and restoring the status quo of Atom mash OJSC on the Security Council of the Russian Federation, in the interest of the State.

Respectfully yours,

President of YACONTO LLC

Sergey P. Yakunin
