V.L. BELOUSOV

Dear Vladimir Leonidovich !

I ask for your express conclusion on the project of the non-state investment YACONTO Integrated Program in general, on its significance to the socio-economic development and ensuring defense and security of Russia, on accordance of the Integrated program to regulatory and legal framework and expediency of its administrative support on federal level.

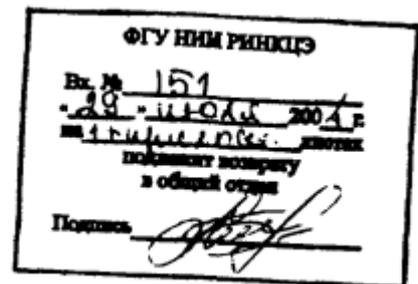

The Integrated Program has been developed by YACONTO LLC (Russia, Moscow) for the implementation in Krasnodar Territory and, according to YACONTO List of Projects from 28.04.2004, encompasses the construction of a «Commercial Black Sea port YACONTO» in Tuapse region for trans-shipping of 100 million tons of cargo per year and creation of a modern Tuapse naval base with a single production, transport and social infrastructure in Tuapse city.

Attachment: Letter of the President of YACONTO LLC S.P. Yakunin to the Presidential Executive Office of Russian Federation (out. № 2-40720 from 20.07.2004) on 1 page with 182 documents on 338 pages attached to it according to the List of documents № 1 on 6 pages (documents are to be returned).

Advisor to the President
of Russian Federation
