

FEDERAL ASSEMBLY OF RUSSIAN FEDERATION
STATE DUMA

**DEPUTY
OF THE STATE DUMA**

of fourth convocation (2004-2007)

" 1 " November 2007

№ KHAN-1669/GD

To the General Prosecutor
of Russian Federation

Y.Y. CHAIKA

Dear Yuri Yakovlevich!

Instead of an answer on the merits to my appeals to the Prime Minister of RF M.E. Fradkov (out. № KHAN-1600/GD from 20.08.2007) and to V.A. Zubkov (out. № KHAN-1630/GD from 24.09.2007) I received a letter from the First Deputy General Prosecutor of RF A.E. Buksman (out. № 23/1-237-07 from 22.10.2007, executant O.O. Natsentov).

The letter from the General Prosecutor's Office of Russia is based on false answers provided by officials of the Ministry of Transport of Russia, whose illegal activities in the period from 2001 to 2007 were subject to verification.

In this regard, the letter received contains no legal assessment of their resistance to the implementation of the non-state investment YACONTO Integrated Program of federal and national significance. Neither does the letter provide any assessment of the activities of the officials who controlled 30 % stake in Atommash OJSC, the flagship of Russian nuclear engineering, on behalf of the State and allowed its premeditated bankruptcy in 1995 - 1999, large-scale seizure and sale of its property for a pittance with an enormous damage inflicted to the State, shareholders and thousands of highly skilled specialists who lost their jobs.

I ask you to take the verification of numerous facts of serious offenses, mentioned in the letters from YACONTO LLC (out. № 1-70820 from 20.08.2007 and out. № 1-70924 from 24.09.2007) with documents attached thereto according to the lists, under your personal control and inform me and S.P. Yakunin, the President of YACONTO LLC, on the results.

Attachment: letter of the First Deputy General Prosecutor of RF A.E. Buksman (out. № 23/1-237-07 from 22.10.2007) on 2 pages.

Best regards,

Vice Chairman of the Committee
of State Duma for constitutional legislation
and State building

A.N. Kharitonov
