

**31.10.2001 № 1-11031**

On the Protocol of the meeting of 23.10.2001  
on the construction of a new Black Sea com-  
mercial port in Tuapse region of Krasnodar  
Territory

**To the Minister of Transport  
of RUSSIA****S.O. FRANK****Dear Sergey Ottovich!**

A meeting regarding the creation of a new Black Sea Commercial Port (BSCP) in Tuapse region of Krasnodar Territory, proposed by YACONTO LLC in its Program of 12.09.2000, took place in the Ministry of Transport of Russia on 23.10.2001.

At this meeting, a representative of YACONTO LLC presented a report (registered in the Ministry of Transport on 23.10.2001 at inc. № VYA-10/773), which proposed an action plan to implement our Program, and provided answers to the foreseen questions of the participants.

**The draft Protocol of the meeting, prepared and passed to us on 23.10.2001 by a representative of the Ministry of Transport of Russia Khvoschinsky N.I. referred to the Tuapse city instead of the Tuapse region (proposed in our Program for the construction of BSCP) and contained no single word about YACONTO LLC's presentation.** Comments on the draft Protocol that we made to Khvoschinsky N.I. were the reason why YACONTO LLC refused to sign the Protocol of the meeting.

Please give instructions to deal with these incidents and send to YACONTO LLC one copy of the adjusted and signed Protocol of the meeting in Ministry of Transport of Russia from 23.10.2001.

Contact phone (095) 286-9046.
