№ 52-VSH

Plenipotentiary of Russian Federation to

A.V. YAKOVENKO

Dear Alexander Vladimirovich!

I was contacted by a President of YACONTO LLC (RF, Moscow) S.P. Yakunin (№120313-A01 from 13.03.2012) with a reasonable request for assistance in organizing meetings between you and representatives of the western business elite and influential persons interested in the implementation of the nongovernmental YACONTO Integrated investment Program. Its implementation will solve the transport issues in Southern Russia by constructing a “Commercial Black Sea port YACONTO” for the handling of over 100 million tons of cargo per annum with respective production and transport infrastructure in Tuapse region of Krasnodar Territory.

Throughout my career as a Deputy of the Russian State Duma I have been supporting the implementation of promising programs of socio-economic development of Russia developed by YACONTO LLC. Support of the YACONTO Integrated Program, which is a part of the YACONTO International Program of planetary scale, will bring real benefits to Russia. Persons interested in business partnership can also expect other prospects, briefly described in the abovementioned appeal of YACONTO LLC.

In order to strengthen international and economic relations between Russian Federation and major states I ask you to meet the western business elite and influential persons interested in the implementation of the unprecedented YACONTO Integrated investment Program and with individuals officially authorized by YACONTO LLC.

Attached: Set of documents.

Respectfully yours,

Deputy of SD FA RF

V.B. SHESTAKOV
