Re: № _____ from _____

**To the General Director
of the Department
of economical development,
investments and external relations
of Krasnodar Territory**

ULYANOVA V.K.

Dear Valentina Konstantinovna!

Department of federal roads in Krasnodar Territory (Uprdor «KUBAN») proposes the following on the matter of implementation of non-state investment YACONTO Integrated Program (construction of «Commercial Black Sea Port YACONTO» in Tuapse region of Krasnodar Territory):

1. Before starting the implementation of the program it's necessary to explore issues related to the arrangement of driveways to the designed elements (construction and reconstruction of auto roads and railroads).
2. Regarding federal roads: develop measures for the reconstruction of M-4 «DON» highway on the segment between the town of Goryachiy Klyuch and Dzhubga township and reconstruction of «Dzhubga - Sochi» road on the segment between Dzhubga and Makapse townships to 2nd category standards to ensure the safety of traffic.
3. Since a large volume of raw materials and cargo traffic is expected, plan for a construction of a new road along the route: Goryachiy Klyuch - Fanagoriyskoe - Sadovoe - Indyuk - Krivenkovskoe - Mal. Pseushkho - Makapse.
4. Develop the respective feasibility studies (FS) for investments and conduct examinations and approvals in accordance with the law on construction and reconstruction matters.

Head of the Department

E.A. Kravchenko
