№ 3.14- 30/1368

**To the President of YACONTO LLC  
S.P. YAKUNIN**

**Dear Sergey Pavlovich!**

In response to the appeal from YACONTO LLC № 1-61012 from 12.10.2006, this is to let you know that the Defense Committee of the Russian State Duma has thoroughly reviewed the non-state YACONTO Integrated Program developed by you and confirms its interest in its potential implementation, as it is a large scale multi-industry program of federal importance, encompassing a construction of “Commercial Black Sea port YACONTO” in Tuapse region of Krasnodar Territory with a transshipment volume of 100 million tons of cargo annually and an establishment of a Tuaspe Naval Base as a potential single point of basing and repairing of Black Sea Fleet ships and a construction of a single production, transport and social infrastructure for both objects.

Having said that, I believe that it's more appropriate to have the said Integrated Program with a YACONTO List of Projects from 09.05.2005 reviewed on a higher level, where the Defense Committee can participate as a specialty Committee for the military component of this Program.

Respectfully yours,

Chairman of the Committee

V.M. Zavarzin

Exec. M.V. Davidenko
