

STATE DUMA
OF THE FEDERAL ASSEMBLY OF RUSSIAN FEDERATION
FIFTH CONVOCATION

**DEPUTY
OF THE STATE DUMA**

(2008-2011)

October 3rd, 2008

№ LIS-234/GD

To the President
of Russian Federation

D.A. MEDVEDEV

Dear Dmitry Anatolyevich!

I have thoroughly examined the documents and materials of the non-state investment YACONTO Integrated Program. Developed by YACONTO LLC, the Program proposes the construction of a «Commercial Black Sea port YACONTO» for handling over 100 million tons of cargo per annum and the creation of a Tuapse Naval Base (TNB) as the point of basing and repair of ships and vessels of the Russian Black Sea Fleet, in Tuapse region of Krasnodar Territory with a shared production, transport and social infrastructure for both objects.

The Program has been supported by the local authorities and has positive judgments from the various organizations, departments and agencies. YACONTO LLC has serious offers for complete funding of the Program and participation in its implementation coming from major international companies and associations on long-term mutually beneficial terms. However, the assessment of this Program has been dragged on for 7 years.

As a member of the Transport Committee of the State Duma, I believe it is my duty to provide you with the materials of the YACONTO Integrated Program for consideration and decision to implement it, because it will solve many social and economic problems in the south of the country and beyond.

Attachment: 25 documents on 82 sheets.

Respectfully yours,

Deputy of SD FA RF

A.I. Lisitsyn
